

## Ken Serpan

I have been a member of the Blue Knights LEMC for over 10 years. I was a member of CA XIII and CA IV having served as Safety Officer and President. I was awarded the SWC " Blue Knight of the year award in 2018. In 2022, I transferred to SC VIII. I am currently Safety Officer of this Chapter.

My career in law enforcement spanned 32 years in Southern California. I was a Traffic Officer for 5 years and investigated many major traffic accidents including those involving motorcycles. I then became a Motor Officer for 10 years after graduating from the San Diego PD Motor School in San Diego California.

I have enjoyed motorcycle riding since I was 15 years old and have owned/ ridden a motorcycle continuously for that time. I have made it a priority to keep my skills sharp with continued training and practice. During my time as a Traffic/Motor Officer, I taught safe driving classes which included motorcycle safety.

After retirement in 2007, I worked part time for a nation-wide motorcycle gear and accessory store called Cycle Gear. In my work there I had the opportunity to advise and counsel motorcycle riders, both new and experienced in proper safety gear, riding attire, tires, maintenance, and parts to enjoy motorcycle riding in a safe manner.
